Plan Name:	**Liberty**

Dear MAYA RODRIGUEZ:

Judi Health provides pharmacy benefit management services for your Plan, including prior authorization for certain medications. We recently received and reviewed your request for coverage of the medication listed above.

This request has been approved.

Coverage is approved for the requested quantity because the submitted diagnosis, treatment history, and requested day supply meet the applicable coverage criteria.

Important Information About Your Determination

Please review your Summary Plan Description for more information and details, including provisions relating to the requirement described in this letter. Your plan only provides coverage for services deemed medically necessary and appropriate under the applicable benefit terms.

This determination has been made solely for benefit and coverage purposes. It is not intended to substitute for the professional judgment of your treating physician or other prescriber.

If you have questions about this determination, contact Judi Health at the number listed above. Your prescriber may also contact us for additional information about the approved coverage.

Sincerely,

Judi Health
